- Our review - DEOS AG at the ISH 2017
- DEOS Product Catalog in our Partner Section
- DEOS Newsticker

Your DEOS Team

Our review - DEOS AG at the ISH 2017

The ISH has once again proven its significance in 2017 as the world's leading sanitation and heating trade fair. Exhibitors hailing from 61 countries, including all the market leaders from the building automation sector showcased their latest products to trade visitors.

This year, too, we noted an increased number of visitors to our stand. We were very pleased to be able to present our solutions to many interested parties.

We have briefly summarized some of our highlights from this year's ISH

for you:

▪ **Single room control:**

Enhanced comfort and energy efficiency thanks to individual industry solutions for hotels, offices, hospitals, etc. – achieved by the comprehensive single room control (based on VDI 3813).

▪ **DEOS Cloud Solutions:**

DEOS *Cloud Solutions* for building automation, including the secure site networking of properties, proven to achieve up to 94% cost savings.

▪ **OPEN 600 EMS basic24 - the new cost-effective BACnet controller:**

The ideal solution for small HVAC systems or single rooms – a combination of compact design, a web-based freely programmable controller and an integrated graphic HTML5 web server.

■ Programming tools that boost productivity:

Achieve time savings of up to 90% in routine work by means of simplified device configurations, reduced programming time and increasing installation/commissioning.

You can find our new ISH brochures illustrating the world of DEOS products and solutions at www.deos-ag.com in the [Download section](#). If you need printed brochures, you can request them for free [here](#).

Click this [link](#) for a short video about our presence at the trade fair here.

Do you have questions about our new products and solutions?

Please contact our [DEOS Sales Team](#) with your queries.

DEOS Product Catalog 2017 in our Partner Section

In this our anniversary year, the DEOS product catalog presents you with a comprehensive portfolio and new innovative products. These include, for example, the new BACnet compact controller, our new single room unit SRU with MODBUS interface, solutions for the IT security in building automation, new switch cabinet touch control units and much more.

The new catalog applies from 1 April 2017 and is downloadable from [DEOS Homepage](#) in the "Downloads" area. You can order a printed catalog free of charge [here](#).

In the [DEOS Partner Section](#) under the heading "Product Catalog", more useful information is available about the catalog:

- Product Catalog 2017 in PDF format
- Price List in PDF Format

Please contact our [DEOS Sales Team](#) with your queries and suggestions.
