## Turning Old into New – Upgrading to the Cloud

### OPENweb Upgrade Campaign: Move to the Cloud Now and Upgrade for Free!

Is your BMS hardware outdated? Would you like to spare yourself the trouble of installation and update procedures as well as maintenance and servicing costs? Then move to the cloud now and discover building automation that has never been this easy. Take advantage of the OPENweb upgrade campaign and upgrade to the cloud completely free of charge.

#### Upgrade to the Cloud

One-time upgrade to OPENweb Cloud

**100 % free of charge**<sup>\*1</sup>

+ no basic fee  
for the first 6 months<sup>\*2</sup>

#### On-premises upgrade

One-time upgrade to OPENweb 11

**Price on request**

#### Work sustainably and future-proof your strategy with the cloud

##### Advantages at a glance

- **Plannable costs:** All future update and upgrade costs are included in the monthly basic fee for OPENweb Cloud.
- **Cloud migration service** makes the move to the cloud as easy as possible
- **Satisfaction guarantee:** If the cloud solution is not to your liking, you can move back to the on-premises solution. Any monthly fees paid up to that point will be debited/offset.
- **Hardly any IT know-how required**, as there is no need for onsite IT infrastructure
- **Efficient implementation of maintenance work** (VPN/connect portal) via remote access
- **Automatic backups** are included in the range of functions and therefore no longer have to be performed manually

<sup>\*1</sup> There are no upgrade costs for the one-time upgrade from OPENweb on-premises to OPENweb Cloud. Upgrades are possible from any OPENweb version.

<sup>\*2</sup> During the promotional period, the minimum term for OPENweb Cloud is 30 months.

## Example of OPENweb 7 with 2,000 data points and the Event Server and ECC expansion modules
