

Health insurance DKV, Germany

DKV Deutsche Krankenversicherung was founded in Berlin in 1927 and moved its head office to Cologne in 1954. DKV is one of the greatest private health insurances in Europe in the meantime and belongs to the ERGO Insurance Group since 1998.

Between 2008 and 2014, the headquarters, built in 1969, was completely restructured; as a result the HVAC systems, the pipes as well as the electrical and control technology have been renewed. DEOS Gebäudeautomation GmbH has managed the project during this period and equipped it with DEOS solutions. OPENbalance (today: OPENDynamics) ensures a comfortable room climate on all floors of the 20-floor building while reducing energy consumption. Also, OPENEnergy helps to recognize and reduce energy costs. Furthermore, OPENweb regulates and controls the building management.
