

High-rise complex Landmark 81, Vietnam

Landmark 81 is the tallest building in Vietnam, with 461.5 metres and 81 stories, and the 14th tallest building in the world. It forms the centrepiece of the newly built residential quarter in Ho Chi Minh City. The high-rise complex includes hotel and conference rooms as well as luxury apartments, retail space, restaurants and a viewing platform at the top of the tower. DEOS AG supplied the energy management system (heat meters and water meters) for this project.
