

## Hospital Viransehir Devlet Hastanesi, Turkey

The Viransehir Devlet Hastanesi hospital was built in 2012 as a measure by the Turkish government to promote the structurally-weak region in the eastern Turkey near the Syrian border.

There are 200 beds in 5 floors covering an area of 35,700 m<sup>2</sup>. State-of-the-art automation technology from DEOS AG controls all parameters from the fields of cooling, heating, the full air-conditioning system and surgical operations.
