

## Hotel Villa Honegg, Switzerland

The Hotel Villa Honegg is a unique five-star hotel in the heart of Switzerland. The traditional real estate was built in 1905 and reopened in May 2011 after a total renovation. With its central location near the city of Lucerne and a height of 914m above ground, it offers to its guests a unique panorama, which includes a view on the lake of Lucerne.

The exclusive and varying technical infrastructure of the Hotel Villa Honegg is controlled and regulated by the latest OPEN EMS system of DEOS AG. The combination of CORA room control units and SRU individual room controllers provides the highest possible comfort in the hotel rooms.
