

P&G Factory, Vietnam

The P&G Factory in Dong An IP, Binh Duong is the third largest factory of Procter and Gamble Group in Vietnam.

The HVAC system at the plant consist of 4 chillers, 17 AHUs and numerous VAVs. The existing BMS system is lacking in functions and very unstable, which makes it difficult to operate the building efficient. Based on the customer requirements, the system was upgraded with DEOS OPEN EMS Controllers and OPENweb BMS system to manage the whole HVAC system with reasonable costs based on the existing system.
