

Residential building tower LUX 6 Vinhome Golden River, Vietnam

The new residential area Vinhome Golden River, in which the residential building LUX 6 is situated, was created on a plot of 25.29 hectares. 1-3 room apartments, a Bürotel and penthouses are accommodated on 50 floors. In addition to this and other residential towers, the newly built residential area is home to schools, sports centres, restaurants, shopping centres, parkland and a marina. DEOS AG supplied the energy management system (heat meters and water meters) for the LUX 6 tower.
